

Kasasa Cash Back - Truth In Savings Disclosure

This disclosure contains the rules that govern your deposit account as of July 1, 2020

Account Overview:

Kasasa Cash Back: A free variable reward checking account with no minimum balance that rewards accountholders with cash back on their PIN-based / signature-based debit card purchases and nationwide ATM withdrawal fee refunds when they meet minimum qualifications during the account's Monthly Qualification Cycle.

Purpose and Expected Use of Account

This account is intended to be the accountholder's primary share draft account in which payroll transactions and day-to-day spending activities including but not limited to grocery, gasoline, apparel, shopping, dining, sporting and entertainment transactions are posted and settled.

Commensurate with the spending activities identified above, we expect the account's debit card to be used frequently throughout each month and for transaction amounts to reflect a wide dollar range. Small debit card transactions conducted on the same day at a single merchant and/or multiple transactions made during a condensed time period particularly near the end of a Monthly Qualification Cycle *are not* considered normal, day-to-day spending behavior. These types of transactions appear to be conducted with the sole purpose of qualifying for the account's rewards and thus will be deemed inappropriate transactions and will not count toward earning the account's rewards.

Brewer Federal Credit Union reserves the right to determine if the account is being maintained for a purpose other than day-to-day, primary use. Accountholders who persist in making debit card transactions in a calculated and limited fashion in order to meet their monthly qualifications may have their accounts converted to a different share draft account or closed altogether. We also reserve the right to convert the account to a different share draft account if the account does not have consistent active use over 3 consecutive Statement Cycles.

We have the right to close this account at any time, with proper notice. Our decision to close the account will not affect your existing obligations to us including any obligation to pay fees or charges incurred prior to termination. No deposits will be accepted and no checks will be paid after the account is closed. If the account is closed, you will forfeit any rewards that have not been credited to your account. A Brewer Federal Credit Union check for the remaining balance, if applicable, will be mailed to accountholder at the address indicated on our current records. Upon termination of your Kasasa Cash Back account, any optional add-on products / services associated with this account will also be terminated at the same time.

Qualification Information:

To earn your rewards, the following enrollments must be in place and all transactions and activities must post and settle to your Kasasa Cash Back account during each Monthly Qualification Cycle:

- At least 12 PIN-based / signature-based debit card purchases
- Be enrolled in and log into online banking

For clarity, in order to count as a qualifying transaction for the purpose of earning the accounts rewards 12 PIN-based / signature-based debit card purchases.

Account transactions and activities may take one or more days to post and settle to the account and all must do so during the Monthly Qualification Cycle in order to qualify for the account's rewards.

The following activities do not count toward earning account rewards: ATM-processed transactions, transfers between accounts, less than 12 PIN-based and signature based debit card purchases processed by merchants and received by our credit union as ATM transactions, non-retail payment transactions and purchases made with debit cards not issued by our credit union. Transactions bundled together by merchants and received by our institution as a single transaction count as a single transaction for the purpose of earning account rewards.

"Monthly Qualification Cycle" means a period beginning one (1) day prior to the first banking day of the current statement cycle through one (1) day prior to the last banking day of the current statement cycle. "Banking Day" means any business day on which an office of the credit union is open to the public for the purpose of carrying out substantially all of its banking functions.
